"I know I am going to get killed at the stable some day, I feel strange today—seems as though some voice is telling me (you'll die at your place of employment)." "

Only a few hours before he was found dead, with his skull crushed, at the foot of the runway in the Metropolitan Coal Company's barn at No. 2621 Washington street, Jamaica Plain, today, this strange prediction was made by William Reed, aged night watchman, according to his daughter, Miss Tempera Reed.

Reed's daughter walked with her father to the door of their home at No. 2621 Washington street, Dec. 19, when he left for work. She tried to calm his fears.

The aged watchman was 77—was well known in Dorchester, he was a member of the Union of Masses and prominent in church circles.

WEE PATENTS TICKLED WITH MOVIE

"It was wonderful," said Catherine, as she habited about on crutches at Boston Sanatorium, Mattapan, attired only in a white breast cloth, after witnessing the feature comedy movie, "That's My Baby," presented by the Boston Evening American, through arrangement with Metropolitan Theatre.

Seven-year-old Catherine, who has been under treatment at the institution for three years in an effort to cure tuberculosis of the lungs, echoed the sentiments of the other 322 patients at the sanatorium, who forgot their troubles to stare at the tent while watching the picture that they were going to catch.

The sixty-five young children, averaging nine years of age, who make up part of the population of the institution, were particularly pleased at the antics of Douglas MacLean and the four-year-old kiddie who featured in the picture.

It was exciting when the little child crawled out on the wings of the airplane," said Catherine, reporting her impressions after witnessing the picture. "I said, 'Oh, just the same as all the other children at the hospital did when the child did that for I was afraid we were going to fall off."

GREAT DAY

It was a great day for all the patients at the sanatorium, 80 per cent. of whom are in the advanced stages of tuberculosis.

According to Rev. Fr. William J. Daly, chaplain of the institution and Dr. Arthur J. White, superintendent, both of whom attended the most valuable assets in battling the tuberculosis. Both welcomed the film as an aid in removing depression.

"That's My Baby" was shown to the kiddies at New England Home for Little Wanderers, No. 161 South Huntington avenue, today. The children there enjoyed the picture quite as much as did the more helpless ones at Boston Sanatorium.

"COME AGAIN," SAID SEVERAL.

As the luxurious limousine contributed by Manager William Frederick of Boston Film Company to convey the apparatus to the various institutions, left the grounds of the sanatorium, the children gave or already expanded at the end of the first quarter this year, amounting to \$225,000, an increase of \$100,000 over the April 1, 1925, figure. This was reported by the Bureau of Railway Economics, to the board of directors of the American Railway Association at a meeting here today.

New York, May 18.—With the establishment of a \$25,000,000 fund for philanthropic and educational purposes, Sebastian K. Kresge, multi-millionaire five and ten cent store owner, announces that more millions will be added later for the establishment of a perpetual charity fund, the income of which will eventually run into several millions annually.

The Kresge Foundation, set up by Mr. Kresge, two years ago, will administer the funds. Five hundred thousand shares of the S. K. Kresge company stock, valued in excess of \$22,000,000, have been turned over to the foundation and, under the trust fund, the shares will be held intact.

Bond issues will be floated from time to time, with the stock deposited as collateral, the first issue to amount to \$10,000,000, which will be used to purchase profitable real estate. The revenues from these purchases will go toward swelling the income of the foundation. The income from dividends on the shares will yield approximately \$500,000 per year.

Mr. Kresge's rise in the financial world has been meteoric. The basis of his fortune was a little store in Detroit, started in 1857. Today, more than 200 stores are operated by the Kresge chain, all over the United States.

U.S. GROWS RACE OF GIANTS; SONS SOON CAN WHIP DADS

Atlantic City, N. J., May 18. (A.P.)—Sons will outpace fathers in height and weight, and daughters will top mothers by a generous inch or two in the opinion of two nutrition experts at the National Health Congress.

"Larger and stronger bones, better muscle tone, clearer skin, lighter eyes are the results of correct nutrition that we are beginning to observe in children today," said Dr. Arthur H. Hays, extension agent in nutrition of the United States Department of Agriculture, told the Associated Press.

"We are now witnessing the results of several generations of experimenting with feeding babies, she said. "Strawberry little women and undernourished men abound today because of bad or insufficient feeding. It will take a generation or two to counteract their influence and the influence of their children."

THREE DEAD IN
WINDSTORM

Chicago, May 19 (A.P.)—The first severe and cold rain storm in the Middle West this season centered its wrath on Illinois and Indiana, with the death of three persons, one an aviator and causing damage of \$300,000. Several houses were overturned, sheds wrecked and roofs blown from buildings. Trees and telephone poles were leveled and communication was hampered. Fruit trees and crops, especially gardens, were damaged in Illinois by hail.

At Harvey, Chicago suburb, a 70-mile wind cut out a path two blocks wide and a mile long, damaging two acres of houses and gardens and causing damage of \$300,000. Chicago escaped the wind storm, but was deluged by rain, which flooded hundreds of basements.

At Argo, Ill., near Chicago, Ross C. Kirkpatrick, airplane pilot in the Ford Airways Service, and his assistant ship were hurled to the ground by the rain. Kirkpatrick, a former army flyer, whose home was in Detroit, was dead when his wrecked machine was found after the storm. William Arnold, a farmer of Ft. Wayne, Ind., and Virginia McQuinn, 13, son of a Kenton (Ky.) farmer, were killed by lightning while at work. Ten persons in Illinois were injured, two probably fatally.

PROTESTS ACT
OF REBELS

Managua, Nicaragua, May 19 (A.P.)—Colonel Clifford D. Hunt, American collector-general of customs in Nicaragua, has protested to the removal from office by revolutionaries of the American collector of customs at Bluefields, W. J. Crampin, and his deputy, A. Peters.

The reason given for their removal was the refusal to turn over to the revolutionaries some money in their hands collected to secure a private loan obtained in the United States some years ago.

The sending of custom houses on the Atlantic coast of Nicaragua is in violation of the financial plan of the republic approved by the State Department at Washington and of contracts between the Nicaraguan government and a corporation of foreign bondholders for the London loan of 1917 for 1,500,000 pounds made for the construction of railroads and debt conversion purposes. A considerable amount of the loan has been repaid.

DEADLOCKED ON
NEW BISHOP

Hartford, May 19 (A.P.)—With a powerful laymen's movement hovering in the background, looking for a vote, but ready to display its strength in case of a deadlock, the clergy of the Connecticut Episcopal Diocese today began the task of selecting a bishop-coordinator, who will be the designated successor to Bishop Chauncey B. Brewster.

The new division of the diocese, as requested by the bishop himself, who believes, after twenty-nine years of service, that the aid of a younger man is needed. But the clergy is deadlocked on choice of the laymen and would be glad to receive an expression of choice from the laymen. It was indicated at a meeting of the House of the present synod that the movement is strongly in favor of the present synod, Bishop B. Clampton, archbishop of Middlesex. Supporters of Rev. Dr. Bernard B. Drury of St. Paul's School, Concord, N. H.; Rev. Dr. John R. Lewis of Waterbury; Dr. Francis Bishop Herbert Shipman of the Diocese of New York; Rev. Henry Knox Sherill, rector of Trinity Church, Boston; Rev. F. E. Sullivan, rector of Kent School, and Very Rev. Dr. Howard Robinson, dean of the Cathedral of St. John the Divine, New York city, are all putting up keen competition.

GANGSTER FIGHTS TO
CHEAT NOOSE AGAIN

Baltimore, May 19 (A.P.)—For the second time this month the life of Richard Lewis Whitmore, robber and alleged murderer, is hanging in the balance. Today the dead twenty-year-old gangster must fight the first steps of the Blue of Maryland law, his bid for the killing of a penitentiary guard in a jail break here over a year ago. Less than a month ago Whitmore was shipped from the stacks of New York's electric chair, where he had failed to agree that he had killed a bank messenger during a \$25,000 bank robbery in Buffalo.

BRAZIL WILL NOT SHUT
GERMANY OUT OF LEAGUE

Geneva, May 19 (A.P.)—The impression prevails in League of Nations circles that Brazil probably will not insist on her demands for a permanent seat on the League Council if such action would constitute to impair Germany's entry to League membership. It is believed in Geneva if the commission decides not to increase the permanent seats beyond that awarded to Germany, Brazil, Italy, Poland and China, will not to this decision. She will, however, maintain her contention that Brazil is entitled to a permanent seat in the council.

CLERK WHO HID GIRL'S
THEFTS ON PROBATION

Bridgeport, Conn., May 19.—Because he profited by not one penny, though he covered up expectations of a girl clerk 15 years ago by falsifying bank records, Clarence W. Kuhn, assistant treasurer of the Merchants & Farmers Savings Bank, who otherwise has a fine record, was placed on probation for one year on a year's suspended sentence.

PARIS AUDIENCE RIOTS

In Meloripe
you'll taste the
subtle flavor of
a perfect banana

THAT delicate flavor is usually lost. Only perfect ripening can retain it. But you can find it in Meloripe, always, because Meloripe bananas are slowly, evenly, thoroughly ripened, as perfectly as though by the sunshine of the Tropics.

You will find this flavor a delightful surprise. It makes the familiar banana a new taste dainty. You never tire of it. No matter how many recipes you try (and there are scores of them) the Meloripe flavor is always new, always delicious.

And in addition, because they are properly ripened, Meloripe bananas are wonderfully nutritious, with a food value that surpasses all other fresh fruits and most of the vegetables. They are an excellent food for children as well as grown-ups, especially

New York, May 19 (A.P.).—John Goldstrom, aviator, and E. Morris Titterington, pilot

From the Soviet capital to Yokohama they will follow the quickest and most direct route, possibly by both air and rail.

WHITE SOX LOOM AS FORTUITOUS FOES FOR FOHLMEN

INVADERS LOOK GOOD TO CRITICS

Willie Kamm, Out of Game Because of Injuries, is Likely to Play Here

By NICK PLATLEY.
EDDIE COLLINS and his collection of great veterans and star players open up a four-game series at the Fenway this afternoon. The Chicago White Sox have been going along very well in the early season of the campaign, even though injuries have kept some of the regulars out of the lineup.

The White Sox have a strong lineup, and though they have not yet won a game, they are going to give a much better fight than they have shown in the past. Eddie Collins, one of the greatest infielders of all time, seems to have taken naturally to managing and is expected to be the main attraction in the series.

RED FABER
Veteran ace of the Chicago hurling staff, who will probably pitch one of the games against the Fohlmen.

BRAVES OPEN 5-GAME SERIES WITH CUBS

Chicago, May 19.—The initial western journey for Dave Bancroft's Braves will come to a close in a series of five games with the Chicago Cubs starting today. When this engagement terminates, Bancroft's athletes will spring back to the East, stopping in Philadelphia for a single battle before returning to the home campus to meet the Giants.

Judging by what has been going on here the Braves are in for an other tough series. The Cubs are stepping along in third place, holding at the pennant, although the club has not been changed much since last year when it pulled up at the bottom. However, Joe McCarthy is qualifying as another "miracle manager" and the Cubs are proving the biggest surprise in the National League skirmish.

As for the Braves, Bancroft does not expect this losing streak which has covered six successive defeats to live much longer. The talented were beating three straight in Cincinnati and St. Louis, rain preventing the final bout of the series with the Cardinals yesterday.
